How NUS Prepared Me as an Actuary

Synopsis

Mr Liu Jiang will provide an overview of his educational and employment journey and the key takeaways from his NUS experience that impact his life and career. He will also share on the role of an actuary in today’s complex business and financial world, and how his NUS Science training prepared him for this profession.

Alumnus Speaker

Mr Liu Jiang

Mr Liu Jiang is a Senior Actuarial Consultant at Deloitte Southeast Asia, where he provides technical analysis and specialised advice to create business value and improve the performance of clients’ finance, risk and actuarial portfolios. He obtained his B.Sc. (Hons) with Double Majors in Applied Mathematics and Statistics, and his Master’s degree in Quantitative Finance from NUS.
